

Helping you find a better way to the City Centre

Improvements are underway in the City Centre. The intersection at Victoria and Albert Street is closing along with Wellesley Street partially reopening which will affect your daily commute. To make things easier, we're offering you a **free Personal Journey Plan** that could show you what the easiest route to your work is.

To get your plan just scan the QR code or complete the form online at **ecological.co.nz/commute-CBD**

Interested in switching up your commute?

Why not take us up on free two-week travel passes on buses and trains? We've also got cycling and walking gear available as an added incentive to get active.

For more information on affected services go to **AT.govt.nz/betterway**
